

## IMPORTANT DATES

Abstract submission April 30, 2023  
Early registration May 31, 2023  
Conference date July 30-August 3, 2023

## SAPPORO

Sapporo is the fifth largest city of Japan by population, with a population of nearly two million, and the largest city on the northern Japanese island of Hokkaido. It is the capital city of Hokkaido Prefecture and Ishikari Subprefecture. Sapporo is an ordinance-designated city, and is well known for its functional grid of streets and avenues. Sapporo is also the political and economic center of Hokkaido. It is a tourist city with rich resources, beautiful scenery and four distinct seasons: blooming spring, tree-lined summer, colorful autumn and snowy winter. Sapporo was once rated as the No 1 in "Japan charming city ranking" for three years consecutively.

## VENUE

The conference of Biomaterials International 2023 will be held at the **Hokkaido University Conference Hall**.

## CALL FOR PAPERS

Abstracts are invited on the symposia topics or other related areas of biomaterials. Short abstract of approximately 200 words and a two-page extended abstract should be submitted on-line before **April 30, 2023**. For further information, please visit <http://www.biomaterials.tw>

# CALL FOR PAPERS

# Biomaterials International 2023

July 30-August 3, 2023

Sapporo, Japan

<http://www.biomaterials.tw>

## INVITATION

The Biomaterials International 2023 will take place at the Hokkaido University Conference Hall, Sapporo, Japan. The conference will bring together the international research communities from various scientific disciplines, including biology, physiology, materials science, physics, chemistry, engineering, and clinical science, to discuss new and exciting advances that involve biomaterials, techniques and methodologies. Apart from the usual conference activities consisting of plenary and invited lectures, general symposia and poster presentation, there will be a series of Special Symposia focusing on the applications of biomaterials in biomechanics, biosensors and biochips, biomedical optoelectronics etc. We will expect over 300 participants from around the world to attend. We hope that you will be able to join us at the Biomaterials International 2023 and have a meaningful as well as an enjoyable time with your colleagues in the field of Biomaterials. All members of the Organizing Committee of Biomaterials International 2023 are looking forward to meeting you at Sapporo.

## ORGANIZING COMMITTEE

Chairman: S.J. Liu (Chang Gung University)  
Co-Chairman: T. Hanawa (Tokyo Medical and Dental University)  
Secretary: D.M. Lee (Chang Gung University)

## GENERAL SYMPOSIA

- G1. Biodegradable materials and devices**
- G2. Metallic biomaterials**
- G3. Ceramic biomaterials**
- G4. Smart materials**
- G5. Synthesis and fabrication of biomaterials and devices**
- G6. Regenerative medicine and tissue engineering**
- G7. Interactions of biomaterials and cells**
- G8. Nanoscale biomaterials**
- G9. Delivery of drug, gene, vaccine, and active biomolecules**
- G10. Functionalization and bioactivity**

## SPECIAL SYMPOSIA

- S1. Nanomedicines**
- S2. Biomechanics**
- S3. Biosensors and biochips**
- S4. Biomedical optoelectronics**
- S5. Signal and image processing**
- S6. Other techniques and applications**

## REGISTRATION

Registration Type	Early Registration (before May 31, 2023)	Late Registration (after June 1, 2023)
Delegate	USD 800	USD 900
Student	USD 300	USD 400
Additional Purchases		
Conference dinner	USD 100	USD 150

\* We collect in equivalent Taiwan dollars (TWD) if you pay the registration fees online by credit card.

## CONTACT
